

Siamo Marianna e Matteo, insegnanti in una scuola primaria a Torino.

Marianna è insegnante di sostegno e Matteo insegnante su posto comune. Insieme abbiamo realizzato una versione in CAA (Comunicazione Aumentativa Alternativa) di Harry Potter e la Pietra Filosofale, con il desiderio di rendere questa meravigliosa storia accessibile a tutti i bambini e le bambine.

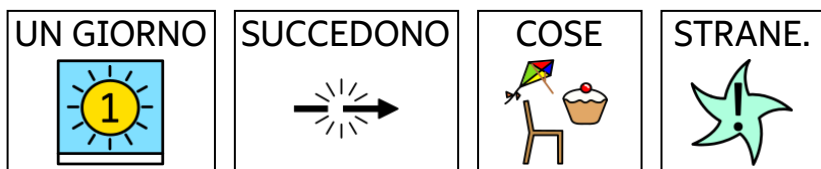

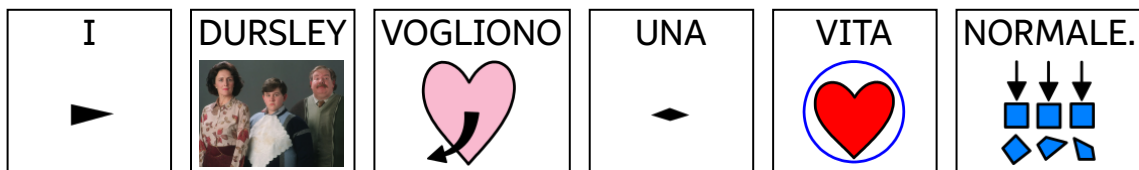

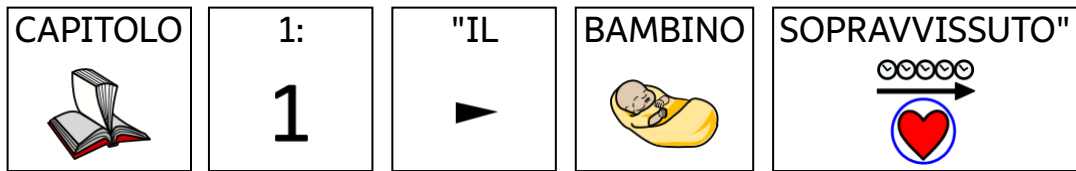

Questo progetto nasce dall'amore per il nostro lavoro e dalla convinzione che ogni bambino e

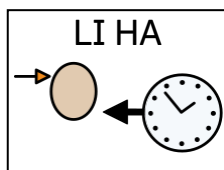

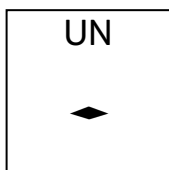

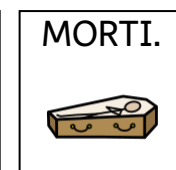

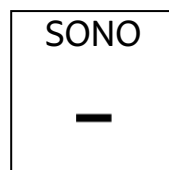

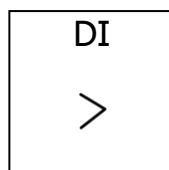

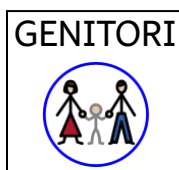

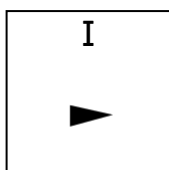

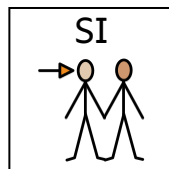

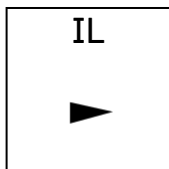

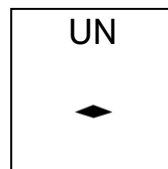

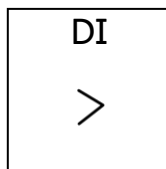

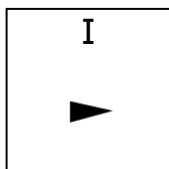

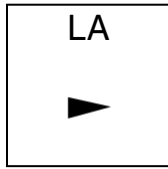

bambina debba avere la possibilità di vivere la magia della lettura, sentirsi incluso e trovare la propria voce. Abbiamo scelto la CAA per dare spazio e possibilità anche a quei bambini che spesso incontrano difficoltà nella comunicazione e nella lettura tradizionale.

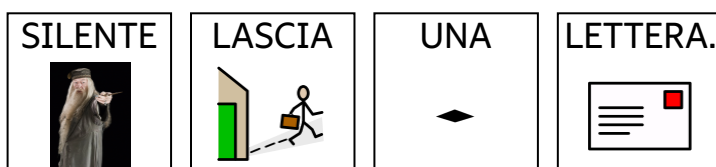

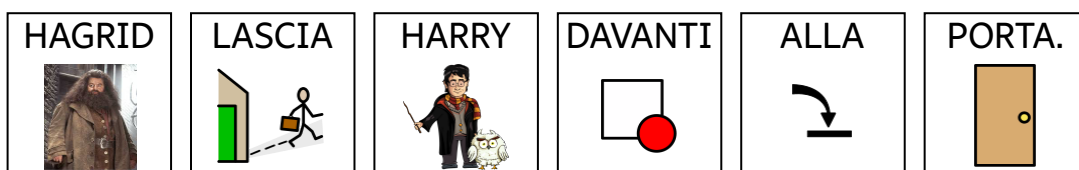

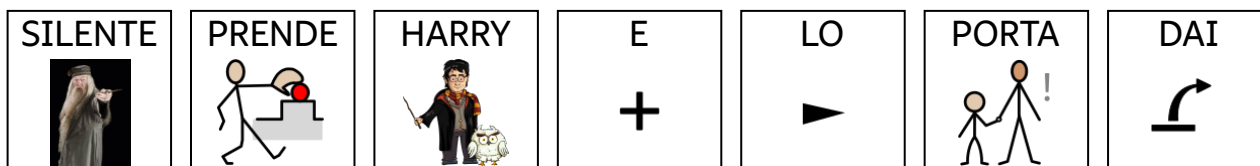

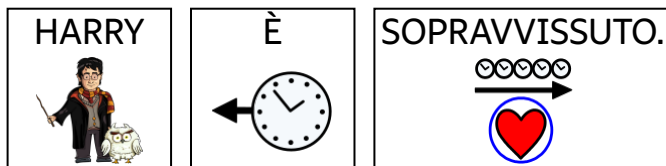

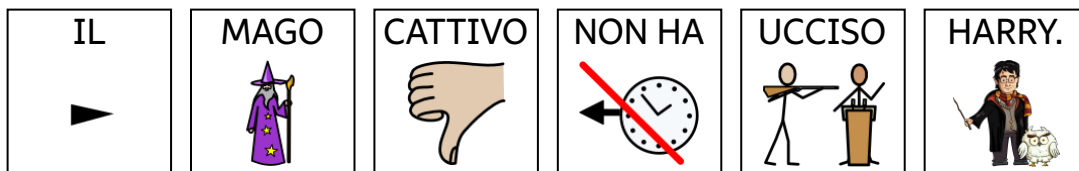

Il nostro libro è stato arricchito da qualcosa di ancora più speciale: le illustrazioni create dai bambini della scuola. Attraverso i loro disegni, fantasia ed emozioni hanno dato vita ai personaggi e ai luoghi della storia, rendendo questo progetto un vero lavoro condiviso, fatto di partecipazione, creatività e inclusione.

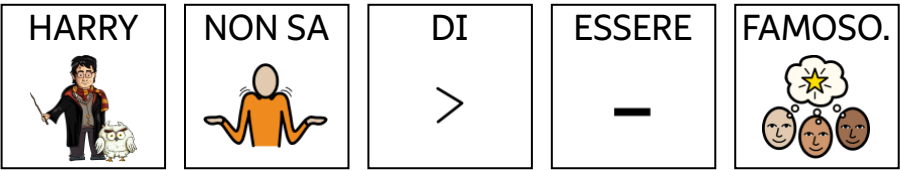

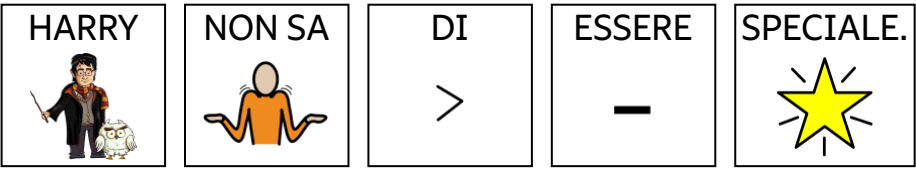

Ogni pagina racconta non solo la magia di Harry Potter, ma anche il valore dell'ascolto, della collaborazione e dell'amore verso tutti i bambini, soprattutto quelli che hanno più bisogno di sentirsi accolti e compresi.

Questo libro è il nostro modo di dire che la magia più grande è permettere a ogni bambino e bambina di sentirsi parte della storia.
